

Newry

— Miss Amy Hanson, Corres. —

The Assessors have finished work on the taxes and have committed them for collection. The 1975 tax rate is \$20. per thousand of assessed valuation, with an assessment ratio of 45%. The 1974 tax rate was \$19. per thousand with an assessment ratio of 40%. This means approximately a one third increase in taxes for this year, due to increased local appropriations, an increase in the school budget, 130% in the County Tax, decreased revenue from other sources, and loss of valuation under the Free Growth Law. Total Commitment this year is \$51,909.35 compared to \$39,630.26 for 1974. Total assessed valuation for 1975 was \$1,787,060, plus \$28,550 in inventories taxed at \$22.50 per thousand. By law, inventories are valued at full value and taxed at the \$22.50 rate. Newry's portion of the M.S.A.D. #44 budget for the fiscal year July 1, 1975 to June 30, 1976 is \$47,424.90, compared to \$31,833.12 for the period July 1, 1974 to June 30, 1975, or an increase of approximately 50%. The 1975 taxes for schools, however, cover only the calendar year, so the complete increase will not be felt this year.

Letters to the Editor

June 24, 1975

Dear Editor:
On Tuesday, June 17, 1975, very reluctantly, I was forced to cancel the July 4th Fireworks Show. I would like to explain why so that there are no misunderstandings as to what happened.

The idea was originally to have the Chamber of Commerce, Rotary Club, Fire Department and Bethel Inn sponsor, pay for and fire the display. When we discovered the insurance premium for this would be \$5,000, we decided to let the Bethel Inn be the sole sponsor with the Chamber and Rotary donating financially but with no responsibility for liability. Private individuals from the Fire Department were to set the display off. The insurance premium would be much reduced this way although it meant the Inn would bear the brunt of any liability if there were an accident. On Tuesday, June 17, 1975 my bosses, the Trustees of the Bethel Inn, decided that we were accepting too much responsibility and directed me to cancel the show.

There are a great many people who deserve special thanks for going out of their way to try and make the show work. My thanks to Elwyn Dickey, Babe Carver, Blake Mackay, Dave Myers, Bob Davis, John Head, John Willard, Sonny Cummings and Bob White.

Sincerely yours,
John H. Gasser

30 Seconds WITH THE NAZARENE

Rev. Barbara Huse, Pastor
Bethel Church of the Nazarene

The day in which we live seems to be one of almost perpetual motion. Especially during these fine summer days we see people going somewhere all the time. It is almost as if they just could not get there fast enough. Zoom, zoom they go, all day and all night. This all reminds us of the old expressions, "I don't know where I'm going but I'm on my way," or maybe this one, "He is all dressed up but no place to go." Oh, sure, you are right, in order to keep saying "Remember this saying, remember that," or "That reminds me," one must have had a few?? birthdays or else they must be a preacher! Yes, it is true we are all caught up in this spirit of the age. We must be going—doing—talking—we must be entertained—action of some kind all the time! How did people ever live without T. V., stereo music, push-button gadgets? This go-go generation seems to agree that we need a change. So we see a group of young people who do not wish to be a carbon copy of their elders. They dare to be different, different hair-dos, different manner of dress, different music. Just different! Soooo that is not a bad idea!

It is easy enough to conform and do what every one else is doing. It is not sufficient to be different in our habits and mode of dress. The change must involve more than that, the inner person, the real you who lives inside must change, for the better that it! We hear that many are practicing meditation these days. With that in mind, let us all take some time to think it over, just be still for a while and catch up with yourself!

Psalm 46:10: "Be still, and know that I am God: I will be exalted in the earth."

"Stand silent! Know that I am God...."—Living Bible.

COLE DESCENDANTS TO MEET SATURDAY, JULY 12, AT E. BRIDGEWATER, MASS.

The annual meeting for all COLE(S) descendants has been set for 10:30 a.m., Saturday, July 12, 1975, at Square Acres, Quadrille Lane, Route 106, East Bridgewater, Mass., by the COLE Family Association. Registration will begin at 7:30 a.m.

A buffet luncheon will follow at noon at a cost of \$3.00 per person. Those planning to attend should send their reservations, including payment, by July 3 to Mrs. George B. Freeman, Route 7, Salem Road, Murfreesboro, Tenn. 37130, call 615-893-6366, or by July 7 to Mrs. Robert H. Flood, 3 Central St., East Bridgewater, Mass. 02333, call 617-378-2345 days or 617-378-2344 evenings.

Reunion activities are open to all Cole(s) descendants, regardless of how many generations they may be removed from the Cole(s) surname or one of its variant spellings such as Coal(e)(s), Cowle(s), Cool, Colle(s), Coule(s), Kohl, Kool.

Participants may reserve space to exhibit their hobbies, especially those of genealogical or historical nature. Optional tours to local sites of familial and historical interest will be available.

The Cole Family Association was organized in 1972 to coordinate the efforts of those interested in Cole(s) genealogy and promote fellowship among all Cole(s) descendants. It is collecting and preserving data about Cole(s) and their families in all parts of the United States. Over 75 colonial immigrant progenitors of English, Dutch and German-Prussian origin have been discovered. The great mobility of Americans from colonial days to the present, not only from east to west but between northern and southern areas, has

caused descendants of all lines to become thoroughly scattered through the country.

Cole Chronicles, the quarterly bulletin of The Cole Family Association, is included in annual dues of \$3-Individual or \$5-Family. A \$50 Life Membership is also available and there are currently seven life members.

In observance of the Bicentennial, The Cole Family Association is enlisting the cooperation and support of anyone who has any information whatsoever about any Cole(s) descendant, living or dead, as it undertakes the compilation of Cole(s) genealogies as its contribution to the national heritage celebration.

Those wanting more information about The Cole Family Association or unable to attend the reunion on Saturday, July 12, in East Bridgewater, Mass., should send 20 cents in stamps to Mrs. George B. Freeman, Route 7, Salem Road, Murfreesboro, Tenn. 37130 or call Mrs. Freeman at 615 893-6366.

"Savings Manager" gives new life to that old promise.

Since banks first offered something more than just regular savings accounts, they have talked to you about earning more interest on your savings.

But probably you soon found out that in order to earn more interest, you had to do one of two things: tie up more money than you wanted to, for longer than you wanted to. Or you had to become a "bookkeeper" in order to keep track of passbooks, certificate amounts and renewal dates, and statement accounts, which only allowed for one kind of savings at a time.

Well, "Savings Manager" has changed all that.

Six ways to save in one simple "package".

"Savings Manager" lets you cover all bases and increase your "interest batting average" in the process. For the first time it's easy for you to use all six basic ways to save, or any combination of them . . . all in one basic plan. That's because Casco keeps track of everything for you and gives you a complete "up-date" every month. You get information no other bank has ever given you before.

And with each "update" you get a set of simple forms which will allow you to make a variety of savings transactions, by mail if you wish.

On the Job With Emily

Several major bills moved closer to final approval in Augusta during the past week. The Criminal Code has been signed into law by Governor Longley, and the Banking Code which was passed will allow savings institutions to offer personal checking accounts and to keep their present rate of interest, and will allow greater expansion of Maine banks.

The Senate overrode Governor Longley's veto of the bill permitting the Maine Housing Authority to issue bonds for housing for the elderly and those with low incomes. Earlier this year towns were given the opportunity to express interest in the program. In Bethel, the selectmen and the planning board were not interested in putting the matter before the March Town Meeting to gauge community interest in low-income housing. Area towns with plans for such construction are Bridgton, Norway and Paris. If the House concurs in overriding the veto, funds will be available for such projects.

Maine teachers were active lobbyists last week as the House considered LD 1973 which allows the state to borrow \$5 million from the Teachers Retirement Fund to be used to continue priority social service programs for which no provision was made in the Longley budget. The mood of the legislature was caught between the desire to leave the programs unfunded and let the Governor take responsibility for the consequences, and the realization that such vital programs could not be abandoned. The "borrowing" of funds was what disturbed the teachers, but legislators were assured that such juggling is common practice, and the bill was passed and now on the Governor's desk. Rep. Sanders voted for LD 1973.

Two bills of interest to municipalities have been signed into law. One relates to the action of public bodies and agencies in executive session, limiting and enumerating matters which may be discussed in executive session. It provides that a 3/5 vote of the body be required before it can hold executive sessions and that no final vote can be taken in that session. The other bill relates to Maine's Right to Know Law and defines what will be considered to be public records and provides that these records be available to the public.

Gov. Longley recently vetoed a bill relating to the Board of Environmental Protection and citizen intervenors. Emily voted against the bill in its final version, feeling that it would be infringing on a vital citizen privilege and finding that the BEP actually has rules to prevent harassment of the sort that occurred at some past hearings and prompted the bill.

This will be the last regular ON THE JOB WITH EMILY column, as the Legislature will be adjourning within a week and much of the final action will be thoroughly covered in the daily papers. The legislature will meet several days beginning on Monday, June 23, then adjourn for five days to allow the Governor time to act on bills, and then there will be sessions on one or two days to act on any bills vetoed. Despite the end of the regular session, Emily will

A Policy Advisory Council has been formed by the Oxford County Economic Opportunity Council. The first meeting was June 11, and officers were elected as follows: Scott Billings, chairman; Laura Hallacy, vice chairman; Alice F. Hoyt, secretary and treasurer. The secretary is to put in the paper the minutes of each meeting and a notice of each meeting. The next meeting is to be Aug. 12 at the Woodstock Town Hall at 10 a. m. The purpose of this committee will be to plan and carry out programs to assure equal opportunities for the low income people in areas of health, education, employment, housing and nutrition. Council members are: Andover, Pearl Peaslee and Margaret Emerson; Woodstock, Verna Swan and Alice F. Hoyt; Newry, Karlene Bachelder and Eleanor Morton; Milton Plantation, Scott Billings and Laura Hallacy; Greenwood, Jean Millett and Mr. and Mrs. Kenneth Swan; Bethel, Mr. and Mrs. Ransel Stevens. It is expected that Mr. Desjardins will be present to explain the summer mini-bus schedule. Mr. Long, Augusta, will talk on Medicare. Afternoon program will be in charge of Mrs. Louise Sample, Quartzsite, Arizona. She will show slides of the desert and have a craft exhibit of things made from rocks, different woods and cactus found in the desert.

still be at work as the Committee on Human Resources is planning a thorough review of state institutions, particularly concerning their policies relating to patients and inmates rights in light of recent Federal Court decisions. The study must be approved by the House, but committee members are convinced of its necessity after many of the complex and difficult decisions they had to make during the last session.

Looking back, some of the big moments for Emily this session have been the votes on single member districts, the bottle bill, and the experience of shepherding the "hospital" and "historical society" bills to passage. Not to mention witnessing the get-acquainted period of the Longley administration. Emily's thanks go to the many people who helped her in decision-making by communicating their thoughts on various issues; to Cathy Newell for helping with this column and to the "Citizen" for printing it.

You can strike the exact balance you want between "withdraw-ability" and a higher "interest batting average".

Your complete monthly up-date shows every deposit and withdrawal by date and amount. You can see at a glance the interest rate you are earning on each of the six different ways to save.

Then we add it all up for you and show you your "interest batting average". That's the average interest rate you're earning on all your savings. You can watch this figure increase each month as you deposit new dollars or move money to a higher yielding part of your account.

And each month we also tell you the exact date on which you can withdraw or renew deposits in all sections

of your account. With this kind of information you can set your own level of "withdraw-ability".

Let's talk, soon, about beginning to manage your savings.

"Savings Manager" offers you a number of other advantages we haven't even mentioned. But if you will stop by any office of the bank that's always thinking, we will touch all the bases and you'll find out if "Savings Manager" can, in fact, pay you more interest on your savings than you're earning now.

LOCKE MILLS WIN TWO MORE - DOWN RICHMOND, 6-4, 4-0

Locke Mills Legion ball players carved two more notches in the win column Sunday as they took a double header, 6-4 and 4-0 from visiting Richmond.

In the first game Locke Mills broke the ice with a safety squeeze bringing in Brooks in the first inning. Ellsworth's double in the second, scored Murphy to second, to send them ahead 2-0. Three Richmond runs scored in the third on a single, an error and four walks.

Locke Mills came back in the sixth with four runs. Murphy reached first on an error to the Richmond short stop and Cummings followed with a walk. Ellsworth came up with a single to drive in Murphy. Bennett came up with his second double of the game to drive in Ellsworth and Cummings and Brown singled, knocking in Bennett.

Locke Mills defense was right on with three double plays in the field to prevent Richmond rallies. In the second game Locke Mills scored all four of their runs in the fourth to shut out the Richmond team. The first run scored when Brown walked and Doug Brooks came up with a triple to drive him in. Seames walked and Cummings reached first on a fielders choice and Skip Jack drove both in with a line single to right. Brooks scored on a wild pitch accounting for the fourth Locke Mills run.

OES QUILTING PARTY

At the last regular meeting of the OES on June 7 it was favorably agreed to make a Community Quilt of interesting places, past and present, in Bethel and surrounding towns.

This past Tuesday, the first "quilting bee" was held at the Masonic Hall. Although only a few girls showed up, interest is still high. Anyone who is still interested please contact Worthy Matron Mary Ellen Newton or Cynthia Mason and express your desire to join in this worthy project. Contact Rachel MacKay at the Wool 'n Weft for your square to start your applique work.

Pieces already in the making include the Congregational Church, Masonic Hall, Newry Grange Hall, Brown's Variety Store, Head's Store, and the West Bethel Ferry.

The next quilting bee will be held on Tuesday, July 22, 7 p. m. at the Masonic Hall.

MEETING OF WOODSTOCK CHAMBER HELD JUNE 11

A meeting of the Woodstock Chamber of Commerce was held June 11 at the town hall, Bryant Pond, with 19 members present. New officers elected were Herb Whitman, president; Sterling Mills, vice president; Alice Johnson, secretary, and Donna Martin, treasurer.

It was reported that the Mann's Mill beach was available on a five year lease, but consideration of the price involved prompted further discussion concerning an alternative site. A committee of three will seek further information concerning the purchase of another area. It was voted to erect signs signifying the swimming area and boat ramp.

Herb Whitman reported on the progress of dredging the brook in town and it was voted to follow the biologist's proposals concerning the areas to be dredged. The week end of celebration was set for Aug. 1-3, and committee chairmen were announced: museum, Richard Fraser; concessions, Wendell Twitchell; kid's parade, the Corrins and Hinkleys; parade, Elden Hathaway; publicity, Wick Johnson. Other plans for the celebration were also discussed.

In further business it was voted to donate \$120 from the youth account to the girls' softball team.

DEEGAN - LOWE

In a May 24 double ring ceremony, performed by Father Donald Proulx at Our Lady of the Snows Church, Miss Jane Ann Lowe, daughter of Mr. and Mrs. Robert J. Lowe, Bethel, became the bride of Edward Robert Deegan, son of Mr. and Mrs. Robert E. Deegan of South Woodstock.

The bride wore a full length satin and dotted Swiss, trimmed with lace, gown fashioned by her mother. Her veil was train length, gathered to a cap of lace and seed pearls. She carried a cascade bouquet of white and yellow carnations and pink roses. Her attendants, Miss Katrina Lowe, North Conway, N. H., as maid of honor, Mrs. Shirley Boyce, Norway, and Miss Bernice Farnum, Bryant Pond, wore gowns of floral design dotted swiss in shades of pink, lavender and aqua with bridal picture hats trimmed with ribbons to match their dresses. They carried pink rose buds.

The groom chose as best man his brother EOCNS Ronald Deegan, USN, Port Hueneme, Calif. Ushering were Alan Lowe, brother of the bride, and James Young, friend of the groom, both of Bethel.

The church was decorated with large baskets of multi-colored spring flowers at the altar. Traditional wedding music was played by Mrs. Beverly Melville of Locke Mills and Miss Diane Cross, of Bethel, friend of the bride, sang two selections with her own guitar accompaniment.

The young couple greeted their guests at a reception in the Snowball Room, Mount Abram Lodge, Locke Mills. Catering was Alfred
